**PALCO purchases Intergraph building, continues major global expansion**

HUNTSVILLE, Ala. – PALCO has announced the purchase of a 200,000 sq. foot Intergraph building in Huntsville, which will bring the company’s total footprint to over 300,000 sq. feet.

The industry-leading post-sales supply chain management business’ purchase of the Intergraph property is another sign of PALCO’s commitment to Huntsville, amid a rapid global expansion.

“For more than 30 years, PALCO has been committed to Huntsville’s expanding economic and community footprints, ensuring job growth and increased technological knowledge and expertise, while touting the accolades of Huntsville, Madison County and Alabama,” CEO Janice Migliore said. “Our expansion and increased best-in-class services, further exhibit our dedication to the economic growth and workforce development of Huntsville and Alabama. We are here to stay!”

PALCO provides post-sales managed support services including: RMA Management, Life-Cycle Management, Product Sustainability, and Manufacturing Support Services, for companies and government agencies requiring mission critical support.

To learn more about the company’s products and capabilities, including how PALCO’s cutting-edge software SOLOMON<sup>2</sup> can be a bridge to post sales supply chain support, visit [www.gotopalco.com](http://www.gotopalco.com).
